Proposed Alternate Address

None

Address Reasoning

Nashua Corporation is currently headquartered at 11 Trafalgar Square, Nashua, NH. This address is confirmed by MO corp. data, Hoovers, and the company website.

SAIC recommends sending notice to Andrew B. Albert, president of Nashua Corporation, at the corp. address.

Grouped Generators Information

LABEL COMPANY INC #1940

Volume: 275 Gallons

MO corp. data shows Nashua Corporation, 44 Franklin Street, Nashua, NH; a DE corporation registered in MO on 1/2/1958; status: merged into a co. not authorized in MO on 6/12/2002; president Gerald G. Garbacz.

MO corp. data also shows Nashua Corporation, 11 Trafalgar Square, 2nd Floor, Nashua, NH; a MA corporation registered in MO on 10/11/2002 and active; president Andrew B. Albert.

The Nashua Corporation Website shows Label products/St. Louis located at the manifest address, 1510 Fairview, St. Louis, MO.

Yellow Pages and Dun & Bradstreet both show the Label Company located at the manifest address.

The St. Louis Business Journal reports that Bunzl Distribution sold The Label Company unit to Nashua Corp of Nashua, NH in February of 2003.

EPA Envirofacts shows Label Co Inc. at the manifest address in 1997; owner Bunzl USA.

The Nashua Corp 10-K annual report shows that Nashua acquired the assets of the Label Company in February 2003.

After the acquisition by Nashua, the Label company remained at the manifest address using the same name, and appears to be a continuation of the original business. Therefore, SAIC recommends sending a notice to the president of Nashua Corporation at the headquarters address.

NASHUA CORP #2169

Volume: 13,000 Gallons

NH corp. data shows Nashua Corporation, 11 Trafalgar Sq. 2nd Floor, Nashua, NH; a MA corp. authorized in NH on 9/26/2002; status: Active; president: Andrew B. Albert, 35 Longmeadow Rd., Winnetka, IL.

Hoovers Online shows Nashua Corporation at the address in corp. data; founded in 1849; Chairman, President and CEO Andrew B. Albert. Nashua Corporation's website shows the company's corporate offices at 11 Trafalgar Square, Second Floor, Nashua, NH, and a Label Products location at 3838 So. 108th St., Omaha, NE. This co. was active during the applicable period. It is the likely liable party.

Yellow Pages and Envirofacts show no records for Nashua Corporation at the Steering Committee recommended address, 4402 N. 23rd St., Omaha, NE, but the co. website and Envirofacts show a 3308 S. 108th St., Omaha, NE Label Products plant.

SAIC recommends sending notice to Andrew B. Albert, President of Nashua Corporation, at the corp. address.

Reasoning Summary

TN corp. data shows Perma-Fix of Memphis, Inc., located at the Steering Committee's recommended address, 901 E. Bodley, Memphis, TN, incorp. on 8/17/70, and active. The reg. agent is listed as Richard T. Kelecyc at 657 Gallaher Road, Kingston, TN. This co. was active during the entire manifest period and is located at the manifest address. It is the likely generator.

TN corp. data also shows Perma-Fix, Inc., located in Tulsa, OK, an OK co. not auth. to do business in TN until 2/15/94, five years after the end of the manifest period.

EPA Envirofacts Warehouse shows Perma Fix Environmental Services Incorporated located at the Steering Committee's recommended address, 901 E. Bodley, Memphis, TN, and lists Permafix of Memphis as an alternative name.

Dun & Bradstreet and D&B Small Business Solutions both show Perma-Fix of Memphis Inc. located at the Steering Committee's recommended address, 901 E. Bodley Ave., Memphis, TN.

Hoover's shows Perma-Fix Environmental Services, Inc., the parent co. of the likely generator, located at 1940 NW 67th Place, Ste. A, Gainesville, FL, and lists Richard T. Kelecyc as the VP, CFO & Secretary.

SAIC was unable to determine Richard T. Kelecyc's title or position with the likely generator, but he appears to be an officer of the co. and not an outside agent. SAIC recommends sending a notice to Richard T. Kelecyc, registered agent for Perma-Fix of Memphis, Inc., at the Steering Committee's recommended address.

Reasoning Summary

New research added 8/5/2005:

Current research confirms the below information EXCEPT: MO corp. data shows Quest Diagnostics Clinical Laboratories, Inc. at 1290 Wall Street West, Lyndhurst, NJ. Surya N. Mohapatra is listed as the president at the corp. address. The co. website confirms that the address listed in MO corp. data is the corp. headquarters address.

Prior respondent to notice directed that future correspondence be sent to Lee Braem, corporate counsel, Quest Diagnostics Clinical Laboratories, Inc. at One Malcolm Ave., Teterboro, NJ. Martindale.com does not show Lee Braem as a member of the legal department for Quest Diagnostics Incorporated. Accordingly, since Mr. Braem appears to no longer work at the co. and the co. is no longer located at the address given by prior respondent to notice, SAIC recommends that notice be sent to Surya N. Mohapatra, president of Quest Diagnostics Clinical Laboratories, Inc. at the corp. address shown in MO corp. data.

Original research (2002):

SAIC recommends sending a notice to Quest Diagnostics Clinical Laboratories, Inc. at the corp. headquarters address of its parent, Quest Diagnostics, Inc. SAIC's rationale for recommending this address is relatively straightforward.

MO corp. data shows Quest Diagnostics Clinical Laboratories, Inc., name changed from SmithKline Beecham Clinical Laboratories, Inc. 8/18/99, a DE corp. authorized in MO 11/27/79, and active. This corp. was active in MO under the manifest name during the entire manifest period.

A 1999 FBN record shows SmithKline Beecham Clinical Laboratories at a manifest address, 11636 Administration Dr., St. Louis, MO, owned by Quest Diagnostics Clinical Laboratories,

Inc., after the manifest period. EPA RCRA data shows Quest Diagnostics Clinical Labs at manifest addresses 11636 Administration Dr. and 2040 Concourse Dr., St. Louis, MO, previous owner SmithKline Beecham Clinical Laboratory. Real property data shows Quest Diagnostics Clinical Laboratories as the owner of real property at the manifest addresses. A 1999 press release indicates Quest Diagnostics, Inc. has acquired the clinical laboratory operations of SmithKline Beecham. Reasoning Summary

IL corp. data shows Pechiney Plastic Packaging, Inc., a DE corporation qualified in IL on 9/20/1999 and in good standing; president Ilene S. Gordon, 1200 Sunset Road, Winnetka, IL.

The company website shows that Pechiney Plastic Packaging, Inc. was formerly the plastic packaging operations of American National Can Company. It was re-named Pechiney Plastic Packaging, Inc. in 1999 when it was incorporated. The address is the manifest address, 8770 West Bryn Mawr Avenue, Chicago, IL. Because Pechiney Plastic Packaging was a division of American National Can Company prior to incorporation, American National Can Company is the likely generator.

IL corp. data shows Rexam Beverage Can Company, name changed from American National Can Company, incorporated in IL on 3/13/1942 and in good standing; president William Barker at the manifest address, 8770 W. Bryn Mawr Ave., Chicago, IL. Yellow Pages confirms Rexam Beverage Can at this address.

SAIC recommends sending notice to William Barker, president of Rexam Beverage Can Company, at the manifest address.

Reasoning Summary

MO corp. data shows two inactive listings containing the name Cupples Products: (1) Hacon, Inc., f/k/a Cupples Products Company, which was incorp. in MO on 5/17/1946 and dissolved on 1/15/1976; and (2) Cupples Products Corporation, which was incorp. in MO on 4/17/1968 and dissolved on 6/28/1972.

MO corp. data also shows that Cupples Products Division - H.H. Robertson Company, is a FBN created on 12/13/1967, and owned by H.H. Robertson Company. Further, MO corp. data shows H.H. Robertson as a PA co. authorized in MO on 6/1/1927, and merged into Robertson-Ceco Corporation on 11/8/1990. The co. was active during the applicable period and is the likely liable party.

A 2nd Circuit U.S. Court of Appeals opinion dated 5/22/96, Metropolitan Life Insurance Company v. Robertson-Ceco Corp and United Dominion Industries, Inc., states that "Robertson-Ceco Corporation is a Delaware corporation with its principal place of business in Pennsylvania and is the successor to the 1989 merger of the H.H. Robertson Company and the Ceco Corporation." The litigation involved actions by "Robertson's Cupples Products Division, an unincorporated division located in St. Louis, Missouri."

EPA Envirofacts Warehouse shows Cupples Products located at the Steering Committee's rec. address, 2650 S. Hanley Rd., St. Louis, MO, with alternative names of Cupples Products Div. and Robertson-Ceco Cupples Prods. Div.

MO corp. data shows Robertson-Ceco Corporation located at 2626 Warrenville Rd., Ste. 400, Downers Grove, IL, a DE co. authorized in MO on 12/2/1986, and in good standing. E.A. Roskovensky is listed as the President at the corp. address.

Yahoo Finance confirms E.A. Roskovensky as the President of Robertson-Ceco Corporation.

A St. Louis Small Business Monthly article in May 1999 states that Greg Sage purchased Cupples Products, Inc. from Robertson-Ceco in 1994 and that Cupples Products was formerly 100% owned by Robertson-Ceco Corporation.

MO corp. data shows Cupples Products, Inc., located in St. Louis, MO, incorp. in MO on 10/14/1994, and in good standing.

Due to the applicable waste generation period, SAIC recommends that a notice be sent to E. A. Roskovensky, President of Robertson-Ceco Corporation, at the corp. address. in Downers Grove, IL. Yellow Pages shows CECO corporation currently operating there.

Address Reasoning

SAIC recommends sending notice to David M. Adams, president of Siegel-Robert, Inc., at the corp. address shown in NV corp. data and confirmed by Hoovers.

Grouped Generators Information

PLASTENE SUPPLY #2296

Volume: 29,515 Gallons

MO corp. data shows Plastene Supply Co. a fictitious registration created in MO on 12/5/1967 and owned by 67300 Siegel-Robert Plating Co at 8645 South Broadway, St. Louis, MO. MO corp. data also shows Plastene Supply Company, an fictitious business registration created in MO on 3/12/1993 and owned by 67300 Siegel-Robert, Inc., 12855 Flushing Meadow, St. Louis, MO.

MO corp. data shows Siegel-Robert, Inc., 12837 Flushing Meadows Dr., St. Louis, MO, incorp. in MO on 3/18/1946 and merged into Siegel-Robert, Inc., a NV corp., on 8/5/1997. Name changed from Siegel - Robert Plating Co. on an unknown date.

RCRAInfo, Environmental Yellow Pages, and New Madrid County listings show Plastene Supply at the Steering Committee recommended address, 101 Meatte Ave., Portageville, MO.

This co. used the manifest name, was active during the manifest period, and operated at the Steering Committee recommended address. It is the likely generator.

NV corp. data shows Siegel-Robert, Inc., incorp. in NV on 7/21/1997 and active; president David M. Adams, 12837 Flushing Meadows, St. Louis, MO. This co. is the successor by merger to the likely generator. It is the likely liable party.

SAIC recommends sending notice to David A. Adams, president, Siegel-Robert, Inc., at the corp. address as confirmed by the co. website and Hoovers.

SIEGEL-ROBERT #2498

Volume: 32,070 Gallons

MO corp. data shows Siegel-Robert, Inc., 12837 Flushing Meadows Drive, St. Louis, MO, incorp. in MO on 3/18/1946 and merged into Siegel-Robert, Inc., a NV co. created in MO on 8/5/1997.

EPA FRS data shows Siegel Robert Plating at the Steering Committee recommended address, 8645 S. Broadway, St. Louis, MO, alternate name: Siegel-Robert Inc.

This co. used the manifest name, operated at the manifest address and was active during the manifest period. It is the likely generator.

NV corp. data shows Siegel-Robert, Inc. incorp. in NV on 7/21/1997 and active; president David M. Adams, 12837 Flushing Meadows, St. Louis, MO. This co. is the successor by merger to the likely generator.

Hoovers Online and the co. website confirm the corp. data and president's name.

SAIC recommends sending notice to David M. Adams, president of Siegel-Robert, Inc., at the corp. address.

Reasoning Summary

MO corp. data shows Southern Equipment Company, incorp. on 7/9/28, and status inactive, as of 3/20/74. August Muckler, Jr., is listed as the registered agent at the steering committee's recommended address.

MO corp. also data shows SLC I, Inc., a DE co. auth. to do business in MO on 2/7/97, name changed from Southern Equipment Company on an unknown date and from Southern Acquisition Company on an unknown date, and administratively dissolved on 5/5/97. Richard J. Kummer is listed as the registered agent at the steering committee's recommended address. Because Mr. Kummer is listed at the steering committee's recommended address, it is likely that he was an officer of the co. rather than outside counsel.

DE corp. data shows SLC I, Inc., incorp. on 01/30/90, name changed from Southern Equipment Company on 4/26/95 and from Southern Acquisition Company on 2/12/90, and status void as of 3/1/99. No corp. address or officers are listed.

EPA Envirofacts Warehouse shows Southern Equipment located at the steering committee's recommended address, 4550 Gustine St., St. Louis, MO. It is listed as a sheet metalwork and machining tools facility.

Yellow Pages shows an apparently unrelated co. currently operating at the steering committee's recommended address, 4550 Gustine Ave., St. Louis, MO, and no listings for SCL I in MO.

Yellow Pages shows Southern Equipment Co. located 2305 N. Broadway, St. Louis, MO. It is listed in the category of Restaurant Equipment & Supplies Retail, so it is not likely related to the likely generator.

Dun & Bradstreet and Dun & Bradstreet Small Business Solutions shows SLCI, Inc., formerly: Southern Equipment Co. (Inc.), located at the steering committee's recommended address, 4550 Gustine Ave., St. Louis, MO.

The facts of a 6/25/2002 Supreme Court of MO slip opinion states that Southern Equipment Company closed in March 1995.

SAIC can find no current trace of Southern Equipment Company. Because the official corp. status of SLC I, Inc. (formerly Southern Equipment Company) is unclear, SAIC recommends sending a notice to Richard J. Klummer, the registered agent (and likely officer) of SLC I, Inc., listed in MO corp. data at his home address in St. Louis, MO. The google.com phonebook shows Richard Kummer currently residing at 4549 Quincy St., St. Louis, MO.

Reasoning Summary

MO corp. data shows SPI Investments, Inc., name changed from Spatz Paint Industries, Inc. on an unspecified date, president Michael E. Spatz, administratively dissolved on 7/28/04. MO corp. data also shows Spatz Paint Industries as an active fictitious name owned by Michael E. Spatz. EPA Enviro-facts shows Spatz Paint Industries Incorporated, 1601 N. Broadway, St. Louis, MO, mailing address 1535 N. 7th St., St. Louis, MO.

White Pages shows Michael E. Spatz at the address provided in MO corp. data, 200 S. Brentwood Blvd., St. Louis, MO, and the St. Louis County Dept. of Revenue confirms that Michael E. Spatz is the owner of real property at that address.

Since SPI Investments, Inc., formerly known as Spatz Paint Industries, Inc., was administratively dissolved in July 2004 and this action may not yet be final, and the fictitious name Spatz Paint Industries is owned by Michael E. Spatz, SAIC recommends sending a notice to Michael E. Spatz at his residence, as shown in White Pages and corp. data.

Reasoning Summary

MO corp. data shows Texas Eastern Transmission Corporation, 5400 Westheimer Court, Houston, TX, a Delaware corporation, authorized in MO on 10/27/1947; status: inactive as of 4/29/2003. This co. was active during the manifest period, at the manifest address, using a form of the manifest name. It is the likely liable party.

MO corp. data also shows Texas Eastern Transmission, LP, 5400 Westheimer Court, Houston, TX 77056, a Delaware limited partnership authorized in MO on 4/29/2003; General Partner: Duke Energy Gas Transmission, LLC, at the same address. Status: active. This co. was formed on the same day that Texas Eastern Transmission Corporation was dissolved. This co. is likely a continuation of Texas Eastern Transmission Corporation and the successor to the likely liable party.

Dun & Bradstreet confirms the address of the co. from the MO corp data.

Total Group Volume: 60,119 Gallons

Liability Group Reasoning

The Sherwin-Williams Company is the liable party for Brod-Dugan Paints-Genl Office. Brod-Dugan Paint Company merged into XBD, Inc. (formerly Brod Dugan Company). The Sherwin-Williams Company purchased Brod-Dugan Company in 1996.

The Sherwin-Williams Company is also the liable party for Pratt & Lambert Inc. Pratt & Lambert United, Inc. (formerly Pratt & Lambert Incorporated) merged into The Sherwin-Williams Company in 1996.

The Sherwin-Williams Company is also the liable party for Sherwin Williams. The Sherwin-Williams Company was active in IL during the manifest period and operates at the manifest address.

Proposed Address	Proposed Alternate Address
Mr. Christopher M. Connor, President The Sherwin-Williams Company 101 Prospect Ave., N.W. Cleveland, OH 44115 216-566-2000	None

Address Reasoning

MO and IL corp. data, the co. website, and Hoovers all show The Sherwin-Williams Company, 101 Prospect Ave., N.W., Cleveland, OH.

SAIC recommends sending notice to Christopher M. Connor, president of The Sherwin-Williams Company, at the headquarters address.

Grouped Generators Information

BROD-DUGAN PAINTS-GENL OFFICE #1172

Volume: 30,048 Gallons

MO corp. data shows Brod-Dugan Paint Company, incorp. in MO on 10/25/1962 and merged into XBD, Inc. on 8/29/1975. MO corp. data shows XBD, Inc., name changed from Brod-Dugan Company and Brod-Dugan Co., incorp. in MO on 9/26/1946 and terminated on 12/17/2002. This co. used a form of the manifest name during the manifest period. It is the likely generator.

MO corp. data shows Brod-Dugan Company, an active fictitious registration created on 9/11/1996; owner: The Sherwin-Williams Company, 101 Prospect Ave., N.W., Cleveland, OH. The Sherwin-Williams Company website states that in 1996, the co.'s Paint Stores Segment completed its acquisition of Brod-Dugan Company. A 1/29/03 article in the St. Louis Business Journal states that Bob Brod was president of Brod-Dugan from 1972 until the co. was sold to Sherwin Williams in 1996. The Sherwin-Williams Company is the successor to the likely generator.

MO corp. data shows The Sherwin-Williams Company, an OH co. authorized in MO on 1/23/1923 and in good standing; president Joseph M. Scaminace, 101 Prospect Ave., N.W., Cleveland, OH.

Superpages shows seven retail sites for Brod-Dugan Co. Paint Stain & Wallpaper Stores. Infospace lists the same seven retail sites for Brod-Dugan Co. Paint Stain & Wallpaper Stores. The Sherwin-Williams directory site lists three of the same retail sites as Sherwin-Williams Stores in the St. Louis, MO area.

Hoover's Online shows The Sherwin-Williams Company located at the address in corp. data; president Christopher M. Connor.

A 5/31/05 press release states that Joseph M. Scaminace is retiring as president of The Sherwin-Williams Company and Christopher M. Connor will assume the day-to-day management of the co.

SAIC recommends sending notice to Christopher M. Connor, president of The Sherwin-Williams Company, at the corp. headquarters address, which is confirmed by the co. website.

PRATT & LAMBERT INC #2316

Volume: 23,700 Gallons

MO corp. data shows Pratt & Lambert United, Inc., name changed from Pratt & Lambert, Inc. on an unknown date; a NY co. authorized in MO on 1/12/1971; merged into The Sherwin-Williams Company on 6/14/1996.

US EPA Envirofacts shows Pratt & Lambert Incorporated, 945 Burnlington, No. Kansas City, MO, in the Steering Committee recommended city. This co. used the manifest name during the manifest period in the Steering Committee recommended city. It is the likely generator.

MO corp. data shows The Sherwin-Williams Company, an OH corp. authorized in MO 1/23/1923 and in good standing; president Joseph M. Scaminace, 101 Prospect Ave., N.W., Cleveland, OH. This co. is the successor to the likely generator.

Hoover's shows The Sherwin-Williams Company, 101 Prospect Ave. NW, Cleveland, OH; president Christopher M. Connor. A 5/31/2005 press release states that James Scaminace is retiring from Sherwin-Williams and that Christopher M. Connor will assume management responsibilities at the co.

SAIC recommends sending notice to Christopher M. Connor, president of The Sherwin-Williams Company, at the corp. address.

SHERWIN WILLIAMS #2492

Volume: 6,371 Gallons

IL corp. data shows The Sherwin-Williams Company, an OH co. authorized in IL on 4/27/1989, and in good standing; president J.M. Scaminace, 101 Prospect Ave. NW, Cleveland, OH.

The co. website shows a 5/31/2005 press release that states that Joseph Scaminace is resigning from Sherwin Williams and Christopher Connor will assume day-to-day management of the co.

The co. website and Yellow Pages show Sherwin-Williams Co at a manifest address and the Steering Committee recommended address, 1540 East College Avenue, Normal, IL. The co. website shows the president as Christopher M. Connor.

This co. was active during the manifest period and operates at the manifest address. It is the likely generator.

SAIC recommends sending notice to Christopher M. Connor, president of The Sherwin-Williams Company, at the corp. address, 101 Prospect Ave. N.W., Cleveland, OH, which is confirmed by the co.'s 2004 annual report and Hoovers.

Reasoning Summary

MO corp. data shows CBS Corporation, a PA co. created in MO on 4/17/1922 and withdrawn 12/7/2001. Name changed from Westinghouse Electric Corporation and from Westinghouse Electric & Manufacturing Company on unknown dates. Mel A. Karmizan is listed as the president at 1515 Broadway, New York, NY.

Wikipedia states that in 1995 Westinghouse Electric Corporation purchased CBS and started divesting its industrial and defence businesses. In 1997 the co. was renamed CBS Corporation. In 1999, CBS Corp. sold its nuclear business to BNFL, who renamed it Westinghouse Electric Company. In 2000, the ABB Group was purchased by BNFL and merged into Westinghouse.

Yellow Pages shows ABB Power T & D Company Inc. at the Steering Committee recommended address, 500 Westinghouse Drive, Cedar City, MO (a Google Maps search shows that this address is now located in Cedar City, instead of Jefferson City).

ABB Power T & D Company Inc., which appears to be a form of the ABB Group, was merged into Westinghouse Electric Company, which was sold to BNFL, and operates at the Steering Committee recommended address.

This indicates that CBS Corporation is the likely generator. It used a form of the manifest name, sold an entity to another company that merged into yet another company that is currently located at the Steering Committee recommended address, and was active during the manifest period.

Viacom.com shows that CBS Television has been a unit of Viacom Inc. since May 2000. Viacom Inc. and CBS Corporation merged 5/7/2000. Viacom Inc. is the successor by merger to the likely generator. It is the likely liable party.

NY corp. data shows Viacom Inc., 1515 Broadway, New York, NY, a DE co. qualified in NY on 8/4/1994 and active. Sumner M. Redstone is listed as the "Chairman or Chief Executive Office" at the corp. address.

Viacom.com shows Sumner N. Redstone as the chief executive officer of Viacom Inc. at the corp. address.

Reasoning Summary

IL corp. data shows multiple listings containing the name "Waste Management", but none for the Steering Comm. rec. name, Waste Management NW-Wheeling.

The Waste Management website shows a listing for WM of IL - North (Wheeling) in the same zip code as the Steering Comm. rec. address and also shows its Midwestern Group Office to be located at the Steering Comm. rec. address, 720 E. Butterfield Rd., Lombard, IL.

Corporations.org contains an excerpt of Waste Management Inc.'s 2000 10K filing with the SEC that shows Waste Management of Illinois, Inc. as one of its subsidiaries, that operated as a form of the Steering Comm. rec. name, Waste Management- North Waste Management - Northwest.

IL corp. data shows that Waste Management of Illinois, Inc., a DE co. qualified in IL on 12/23/68, is in good standing. Robert P. Damico is listed as the president at 1001 Fannin St., Ste. 4000, Houston, TX. The co. has 25 inactive assumed names, suggesting that it is an operating co. or was in the past. The co. was active during the applicable period and is the likely liable party.

The Waste Management website and Hoover's Online show the corp. office for Waste Management, Inc. at 1001 Fannin St., Ste. 4000, Houston, TX, confirming the President's address in the IL corp. data, and showing Lawrence O'Donnell III as the President and COO as of 3/2004.

Reasoning Summary

US EPA Envirofacts shows Waterlac Coatings Incorporated at the Steering Committee recommended address, Hwy PP, Box 22, Cuba, MO; contact: Phillip Burke; owner Waterlac Coatings, Inc.; alternate names Edmund Rosa and Waterlac Corp.

MO corp. data shows Waterlac Coatings Inc., a form of the manifest name, incorp. in MO on 10/14/1988, after the manifest period, and in good standing; reg. agent Phillip Burke, Industrial Park Dr., Cuba, MO, and president Edmund Rosa, 142 Starr Ave., Lowell, MA.

MO corp. data shows Waterlac Corporation; a MA corp. authorized in MO on 2/16/1972, prior to the manifest period, forfeited on 4/18/1995; reg. agent Phillip Burke at a form of the Steering Committee recommended address, Cuba Industrial Park, Hwy. PP, Cuba, MO. MO corp. data also shows Waterlac Corporation, incorp. in MO on 9/21/2001 and in good standing; president and reg. agent Phillip Burke at a form of the Steering Committee recommended address, 100 Industrial Dr., Hwy PP, Cuba, MO.

D&B shows Waterlac Coating, Inc., at 100 Industrial Dr., Cuba, MO, and Yellow Pages shows Waterlac Coatings Inc., at the Steering Committee recommended address, both with the same telephone number.

Mapquest shows Industrial Drive and Hwy PP intersecting each other. It is likely that corp. address for Waterlac Coatings is at the intersection of Industrial Dr. and Hwy PP, Cuba, MO.

A co. using a form of the manifest name operated at the manifest address during the manifest period. Waterlac Coating, Inc., and Waterlac Corporation are both currently active at this address. Because Waterlac Coating, Inc., was incorporated after the manifest period, it appears that Waterlac Corporation is the likely liable party.

SAIC recommends sending notice to Phillip Burke, president of Waterlac Corporation, at the corp. address.

1240 East Diehl Rd.
Suite 400
Naperville, IL 60563
630-245-8800

Reasoning Summary

IL corp. data shows Interlake Material Handling, Inc., a DE co. qualified in IL on 12/8/1997, and in good standing. Michael Gonzalez is listed as the president at 1240 Diehl Rd., Naperville, IL. This co. was qualified in IL after the manifest period.

The Interlake website states: "The new Interlake Corporation is formed in February 1986. In May, 1986, The Interlake Corporation, including the Interlake Companies, Inc.'s Material Handling Division as well as several other business ventures, is listed on the New York Stock Exchange. The old Interlake, Inc. changes its name to Acme Steel Company and continues operating the old iron and steel division, and transfers all other businesses to the new Interlake."

IL corp. data shows XIK Corp., a DE co. qualified in IL on 10/31/1986 and in good standing. Name changed from The Interlake Corporation on 9/6/2002. SR Smith is listed as president at 550 Warrenville Rd., Lisle (sic), IL.

EPA FRS data shows Interlake Material Handling Incorporated at one of the manifest addresses, 701 Interlake Drive, Pontiac, IL. Interlake Companies Inc, Interlake Companies-Pontiac and Intrlake, Inc. (sic) are listed as alternate names. The data shows report dates as early as 1980. Data also shows 550 Warrenville Rd., Lisle, IL as an alternate address.

EPA FRS data also shows Interlake Inc. and Interlake at the other manifest address, South 14th Ave., Mendota, IL.

The manifest name indicates that the generator was the material handling business, which according to the co. website, was transferred to the Interlake Corporation in 1986, the same year the manifest period began. It appears that since XIK Corp. used a form of the manifest name, operated during the manifest period, and appears to have operated at both of the manifest addresses, it is the likely generator.

The co. website shows corp. headquarters at 1230 Diehl Rd., Ste. 400, Naperville, IL. Yellow

Pages shows Interlake Inc. at the manifest address, 701 N. Interlake Dr., Pontiac, IL and shows the corp. headquarters address of Interlake Material Handling at 1240 E. Diehl Rd., Suite 200, Naperville, IL.

ShopDupage.com shows The Interlake Corp. at the address shown for XIK Corp. in Lisle, IL. SC corp. data shows XIK Packaging Corporation at GKN North America Services Inc., 550 Warrenville Rd., Lisle, IL, which is confirmed by Yellow Pages.

SAIC recommends sending notice to SR Smith, president of XIK Corp. at the address shown for Mr. Smith as president of the co. in IL corp. data.

Since it appears that XIK Corp. may no longer be in the material handling business and that Interlake Material Handling, Inc. is likely a continuation of such business, SAIC recommends that Michael Gonzalez, president of Interlake Material Handling, Inc., at the corp. headquarters address, be listed as an alternate proposed address.
